EDUCATION

Birla Institute of Technology & Science (BITS), Pilani

Expected 2028

MSc Economics and BE Computer Science | **CGPA 8.28/10** | 40% **Merit Scholarship** - top 3% | XII 96.8% | X 97.67%

Relevant coursework: Corporate Finance (A) | Derivatives & Risk Management (A) | Finance & Accounting (A)

AWARDS & DISTINCTIONS

India Delegate - Learn in Nippon, Suzuki Innovation Centre, Japan

Mar 2026

• Selected **1 of 8 nationwide** for a **10-day Japan immersion**; joined CXO discussions across finance, automotive & AI and pitched the Global Mobility Accelerator to **Mr Suzuki & the Mayor**, proposing a talent roadmap featured on Japanese national news

National Winner - Accenture Strategy Connect S4

Nov 2025

• Won **INR 100K and a PPI among 9,000+ participants** by designing an AI workflow that shortened employee learning cycles

Canopy Fellow - Founders Inc

May 2026

• **Scaled an events business to \$100K+ revenue**; secured \$75K+ in AI credits and closed-door sessions with **decacorn founders**

International Rank 11 - SOF International Mathematics Olympiad

Feb 2019

• Ranked 11th internationally and 3rd zonally, scoring 57/60 and earning the Medal of Distinction in Mathematics Olympiad

PROFESSIONAL EXPERIENCE

Farcast Biodynamics - Team Lead, AI Product

May 2026 - Aug 2026

Sequoia-backed Series C precision-oncology company

• **Cut assay interpretation from 2-3 days to minutes** by leading 6 members to build an end-to-end analysis platform across 4 assays

• Made analysis reproducible and audit-ready by replacing LLM calculations with deterministic statistical pipelines

• **Drove 3 UAT cycles with the CSO** and scientists, turning feedback into configurable workflows, controls and Excel/CSV reports

Simplismart - Founder's Office

Mar 2026 - May 2026

Accel-backed AI-inference infrastructure startup

• Helped **convert Higgsfield into a client**; generated 14 enterprise demos through GTM at India AI Summit and NVIDIA GTC

• Built and scored 1,000+ enterprise leads; automated CTO/CFO outreach to a 5% positive reply rate across targeted accounts

• Turned buyer objections and competitor gaps into 10+ UI, positioning and sales-collateral improvements for enterprise sales

Indian Space Research Organisation (ISRO) - Machine Learning Intern

May 2025 - Jul 2025

• Cut recurring satellite-image analysis time by 65% by building urban-mapping and automated-reporting workflows for planning

• Raised segmentation accuracy from **87.8% to 92.8%**, **highest in department** by benchmarking 3 ML workflows

• Presented **flood-risk and land-use insights to Director of Urban Planning**, translating model outputs into city-planning decisions

LEADERSHIP

ShARE, BITS Pilani - President

Oct 2024 - Present

Paris-based global student consulting network engaging directly with CXOs

• **Generated INR 250K revenue and 30% repeat work** across 7 client mandates by leading 20 members across 4 sectors

• **Prioritized 10 industries for Vayana's CFO** using market sizing, 10-page sector dossiers, Excel models and sales-outreach decks

• Post-launch, sized Agnikul Cosmos' market for **CEO's Office**, covering 40+ competitors, 25+ buyer segments and 3 entry wedges

SMILE - Founding Director

Feb 2025 - Present

• Scaled SMILE from **0 to 50 members across 2 campuses** within one year through repeatable peer-support formats and events

• **Generated INR 200K revenue and 500+ engagement hours** by leading 20 members across pet and art therapy activations

• Built a global mentor network spanning an AI Head at Google, IAS officers, filmmakers and an ex-prisoner-turned-chess-player

PROJECTS

IEEE IGARSS 2026 Accepted Paper - Hybrid Spectral-Texture Deep Learning for Urban Mapping

Mar 2026

• **Achieved 92.18% accuracy and 0.866 Kappa** with spectral-texture U-Net, outperforming pixel and OBIA-RF baselines

• Improved separation of spectrally similar surfaces using index and GLCM pre-labelling for high-resolution urban imagery

Milaap - Product Management Project Associate

Feb 2025 - Apr 2025

• **Improved information clarity by 30%** by mapping 25+ patient touchpoints and redesigning hospital-support information journeys

• **Cut misinformation by 50%** and raised data completeness 55% to 80% by redesigning the hospital-support verification pipeline

SKILLS & INTERESTS

Strategy & Analytics: Excel, PowerPoint, SQL, market sizing, GTM, Figma, PRD, competitive analysis, research, data analysis

AI & Tech: Python, ML, LLM APIs, RAG, agentic AI, Claude Code, Cursor, n8n | State-level basketball | Cross-cultural engagement
